## CERTIFICATIONS

Agile Methodology Virtual Experience Program, COGNIZANT
Introduction to Data Science, Cisco
Python and Machine Learning Bootcamp, ShapeAI
VOIS AI/ML training

## PROJECTS

### Notice Hub ( Django Web Application)

Developed a notice Hub web application using python Django. It is used to streamline the management and display of notices in organizations. Admin can post the notice of fees, circular or activities and students can view all notices.

### College Canteen Management System(PHP, HTML, CSS and JavaScript)

The main motive of this project is to manage canteen activity in universities. It manages the basic orders and billing requirements and reduces manual work. It is less time consuming and more appropriate than standing in queues for placing your orders.

### TO-DO List (HTML, CSS and JavaScript)

Developed a To-Do List application using HTML, CSS and JavaScript to enhance my practical understanding of front-end development concepts. It allows users to create, organize, and manage their tasks efficiently.

### Quote Generator (HTML, CSS and JavaScript)

Developed a Quote Generator using HTML, CSS and JavaScript. It allows users to generate random motivational quotes. It even reads them out loud, allows users to copy generated quotes and post them on twitter.

### File Converter (HTML, CSS and JavaScript)

Developed a File Converter using HTML, CSS and JavaScript. It converts any text into ppt, word, html, text and svg formats.

### Portfolio Website (HTML, CSS, JavaScript)

Developed a portfolio website that is used to showcase an individual's skills, experience and their educational background. Users can also send an inquiry message.

## LANGUAGES

English
Hindi
Punjabi

## ACHIEVEMENTS

JEE Mains:

Score :  93 percentile
Year : 2020
